Interim financial statements for the three-month and six-month periods ended 30 June 2020 and Independent auditor's report on review of interim financial information

Independent auditor's report on review of interim financial information

To the Board of Directors of SCG Ceramics Public Company Limited

I have reviewed the accompanying consolidated and separate statements of financial position of SCG Ceramics Public Company Limited and its subsidiary (the"Group") and SCG Ceramics Public Company Limited (the"Company") as at 30 June 2020; the consolidated and separate income statement and statement of comprehensive income for the three-month and six-month periods ended 30 June 2020, the consolidated and separate statements of changes in shareholders' equity and cash flows for the six-month period ended 30 June 2020 and condensed notes ("interim financial information"). Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34, "Interim Financial Reporting". My responsibility is to express a conclusion on this interim financial information based on my review.

Scope of Review

I conducted my review in accordance with the Thai Standards on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34, "Interim Financial Reporting".

(Vairoj Jindamaneepitak) Certified Public Accountant Registration No. 3565

These notes form an integral part of the interim financial statements.

The interim financial statements issued for Thai statutory and regulatory reporting purposes are prepared in the Thai and English languages, and were approved and authorized for issue by the audit committee, as appointed by the Board of Directors of the Company, on 4 August 2020.

1 General information

SCG Ceramics Public Company Limited, (the "Company"), is incorporated in Thailand and has its registered offices at:

Head office	- 1 Siam Cement Road, Bangsue, Bangkok 10800, Thailand
-	 61 Moo 1 Nong Khae Industrial Estate, Tambon Kokyae, Amphur Nongkhae, Saraburi 18230, Thailand 33/1 Moo 2, Suvannasorn road, Tambon Kokyae, Amphur Nongkhae, Saraburi 18230, Thailand 40 Moo 2, Rim Klong Rapeepat road, Tambon Nong Pling, Amphur Nongkhae, Saraburi 18140, Thailand 33/2 Moo 2, Rim Klong Rapeepat road, Tambon Nong Pling, Amphur Nongkhae, Saraburi 18140, Thailand

The Company and its subsidiary (the "Group") principal activities are engaged in manufacturing and sales of ceramic floor tiles and wall tiles and industrial estate development.

The immediate and ultimate parent companies were Cementhai Ceramic Co., Ltd. and The Siam Cement Public Company Limited, respectively. Both were incorporated in Thailand.

2 Basis of preparation of the interim financial statements

(a) Statement of compliance

The condensed interim financial statements are presented in the same format as the annual financial statements and prepared its notes to the interim financial statements on a condensed basis in accordance with Thai Accounting Standard (TAS) No. 34 "*Interim Financial Reporting*", guidelines promulgated by the Federation of Accounting Professions and applicable rules and regulations of the Thai Securities and Exchange Commission.

The interim financial statements do not include all of the financial information required for full annual financial statements but focus on new activities, events and circumstances to avoid repetition of information previously reported. Accordingly, these interim financial statements should be read in conjunction with the financial statements of the Company for the year ended 31 December 2019.

The accounting policies and methods of computation applied in these interim financial statements are consistent with those applied in the financial statements for the year ended 31 December 2019 except that the Group has adopted all the new and revised TFRSs that are effective for annual periods beginning on or after 1 January 2020. The Group has initially applied TFRS - Financial instruments standards and TFRS 16 *Leases* and disclosed the impact of changes in accounting policies in note 3.

(b) Functional and presentation currency

The interim financial statements are prepared and presented in Thai Baht, which is the Company's functional currency. All financial information presented in Thai Baht has been rounded in the notes to the interim financial statements to the nearest thousand unless otherwise stated.

(c) Use of estimates and judgments

The preparation of interim financial statements in conformity with TFRSs requires management to make judgments, estimates and assumptions that affect the application of accounting policies. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

The significant assumptions in applying the Group's accounting policies and the key sources of estimation were the same as those that applied to the financial statements for the year ended 31 December 2019, except for the judgments and the new key sources of estimation related to the application of new TFRSs and accounting guidance: temporary relief measures for additional accounting options in response to impact from the situation of COVID-19 outbreak.

The significant assumptions and the key sources of estimation included in the following notes:

Note 5 and 6	Measurement of the recoverable amounts of each asset and cash-generating units;
Note 8	Measurement of non-current provisions for defined benefit plans: - key actuarial assumptions; and
Note 12	Recognition and measurement of provisions and contingent liabilities.

According to the situation of COVID-19 outbreak, it is resulted in estimation uncertainty. The Group elected to apply accounting guidance on temporary accounting relief measures for additional accounting options in response to impact from the situation of COVID-19 outbreak for the transaction related to interim financial statements as at 30 June 2020 on the following:

(a) Impairment of assets

The Group considered impairment of trade accounts receivables under simplified approach using historical loss rate for expected credit loss and did not take forward-looking information about the uncertain situation of COVID-19 into account.

(b) Fair value measurement

The Group elected to measure investment in non-marketable long-term investment in other company at using fair values at 1 January 2020.

(c) Lease modifications

The Company elected to exclude a contractual rental concession as a result of the COVID-19 situation as a lease modification by gradually deducted lease liabilities in proportion to the reduced rental, reversed depreciation of right-of-use assets and interest on lease liabilities in proportion to the reduced rental, and recognized the differences to profit or loss.

(d) Basis of consolidation

The interim consolidated financial statements for the three-month and six-month periods ended 30 June 2020 include the accounts of SCG Ceramics Public Company Limited and its subsidiary. Subsidiary included in the interim consolidated financial statements is Sosuco Ceramic Co., Ltd.

All significant intercompany transactions with subsidiaries included in the interim financial statements have been eliminated.

3 Changes in accounting policies

From 1 January 2020, the Group has initially applied TFRS - Financial instruments standards and TFRS 16. Impact-of-changes in accounting policies are as follows:

(a) TFRS - Financial instruments standards

These TFRS - Financial instruments standards establish requirements related to definition, recognition, measurement, impairment and derecognition of financial assets and financial liabilities, including accounting for derivatives and hedge accounting. The impact from adoption of TFRS - Financial instruments standards are as follows:

(1) Classification - Financial assets

TFRS 9 classifies financial assets into three categories: measured at amortized cost, fair value to other comprehensive income (FVOCI) and fair value to profit or loss (FVTPL). The standard eliminates the existing classification of held-to-maturity debt securities, available-for-sale securities, trading securities and general investment as specified by TAS 105. The classification under TFRS 9 is based on the cash flow characteristics of the financial asset and the business model in which they are managed. Under TFRS 9, derivatives are measured at FVTPL. It replaces accounting policies of the Group on recognition of revaluation exchange rate at the end of period or when the derivatives were exercised.

The classification - Financial assets under TFRS 9 has no material effect on trade receivables. However, the Group recognized derivatives as FVTPL. At the initial date of the first time adoption, the Group adjusted the cumulative effects to retained earnings on 1 January 2020 decreased Baht 3 million in consolidated financial statement and separate financial statement with no restatement of comparative information. In addition, the Group has long-term investments in other company recognized at cost less any impairment losses, the Group classified them as FVOCI under TFRS 9 which has no material effect on the financial statements of the Group.

(2) Measurement at amortized cost

Under TFRS 9, interest income and interest expenses recognized from all financial assets and financial liabilities measured at amortized cost shall be calculated using effective interest rate method. The adoption of TFRS 9 has no material effect on the financial statements of the Group.

(3) Classification - Financial liabilities

TFRS 9 introduces a new classification and measurement approach for financial liabilities consisting of two principal classification categories: amortized cost and FVTPL. A financial liability is classified as financial liabilities measured at FVTPL if it is held for trading, a derivative or designated as such on the initial recognition.

The Group classified other financial liabilities which are not held for trading or derivative measured at amortized cost. The adoption of TFRS 9 has no material effect on the financial statements of the Group.

(4) Hedge accounting

TFRS 9 introduces guidance on hedge accounting while former TFRSs are silent. There are three hedge accounting models and the type of model applied depends on the hedged exposures consisting of a fair value exposure, a cash flow exposure or a foreign currency exposure on a net investment in a foreign operation. Under TFRS 9, the Group is required to ensure that hedge accounting relationships are aligned with the Group's risk management objectives and strategy and to apply a more qualitative and forward-looking approach to assess hedge effectiveness.

Accordingly, TFRS 9 provides an option to apply hedge accounting when the transactions are qualified. At the initial date of the first time adoption, the Group has no effect on this matter.

(5) Impairment - Financial assets

TFRS 9 introduces forward-looking 'expected credit loss' (ECL) model of financial assets whereas previously the Group estimates allowance for doubtful account by analyzing payment histories and future expectation of customer payment. TFRS 9 requires considerable judgment about how changes in economic factors affect ECLs, which will be determined on a probability-weighted basis. The new impairment model applies to financial assets measured at amortized cost, contract assets and debt investments measured at FVOCI.

The Group made an assessment of the impairment of financial assets under TFRS 9. This adoption has no material effect on the consolidated financial statements of the Group.

(b) TFRS 16 Lease

Previously, the Group, as a lessee, recognized payments made under operating leases in profit or loss on a straight-line basis over the term of the lease. When TFRS 16 is effective from 1 January 2020, it introduces a single lessee accounting model for lessees. A lessee recognizes a right-of-use asset and a lease liability. There are recognition exemptions for short-term leases and leases of low-value items

The Group applied TFRS 16 for the first time on 1 January 2020 using the modified retrospective approach, by recognizing cumulative impact of right-of-use assets and lease liabilities with no restatement of comparative information. The Group elected to use some practical expedients as stated by TFRS16.

The Group made an assessment of TFRS 16 adoption. On 1 January 2020, the Group recognized the increase in right-of-use assets amounting to Baht 229 million while the prepaid rental expenses decrease amounting to Baht 9 million and affect to increase in lease liabilities amounting to Baht 220 million in consolidated financial statement and recognized the increase in right-of-use assets amounting to Baht 189 million while the prepaid rental expenses decrease amounting to Baht 9 million and affect to increase decrease amounting to Baht 9 million and affect to increase in lease liabilities amounting to Baht 180 million in separate financial statement. The nature of expenses related to those leases will change as the Group will recognize depreciation of right-of-use assets and interest expenses on lease liabilities. The operating lease commitment as at 31 December 2019 was discounted using the incremental borrowing rate and used of exemption for short -term lease and low-value items lease assets, combined with finance lease liabilities.; therefore, the Group has recognized lease liabilities as at 1 January 2020 amounted to Baht 220 million and Baht 180 million in consolidated financial statement and separate financial statement. Incremental borrowing rates were 1.83% to 3.13% per year.

4 Related parties

Parties are considered to be related to the Group if the Group has the ability, directly or indirectly, to control or joint control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa.

During the period, there is no significant change in related parties from the financial statement for the year ended 31 December 2019.

Significant transactions with related parties for the three-month and six-month periods ended 30 June were as follows:

As at 30 June 2020, the Company had promissory notes with two local banks amounted to Baht 500 million (31 December 2019: Baht 160 million) with interest rate from 0.86% to 1.08% per annum (31 December 2019: from 1.37% to 1.45% per annum).

8 Non-current provisions for employee benefits

The Group operates defined benefit plans based on the requirement of the Thai Labor Protection Act B.E. 2541 to provide retirement benefits and other long-term benefits to employees based on pensionable remuneration and length of service.

The defined benefit plans expose the Group to actuarial risks, such as longevity risk and interest rate risk.

Actuarial assumptions

In the second quarter of 2020, there is no significant change in actuarial assumptions regarding the financial statements from the year ended 31 December 2019.

9 Business segment information

Segment information is presented in respect of the Group's business segments. The primary format, business segments, is based on the Group's management and internal reporting structure.

Segment assets, revenues and results of operations include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

The Group comprises the following main business segments:

- Manufacturing and sales of ceramic tiles business
- Industrial estate development and real estate business

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit before income tax, as included in the internal management reports that are reviewed by the Group's CODM. Segment profit before income tax is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

Information relating to business segments for the six-month period ended 30 June was as follows:

	Manufacturing and sales of ceramic tiles 1 Jan - 30 Jun		Industrial estate and real 1 Jan - 3	estate	Total 1 Jan - 30 Jun

10 Dividends

On 19 March 2020, the meeting of the Board of Directors passed a resolution to postpone the 2020 Annual General Meeting of Shareholders of the Company which scheduled on 27 March 2020 to 29 June 2020 due to the situation of the COVID-19 outbreak, and approved the interim dividend payment from the Company's profit as of 31 December 2019 instead of the annual dividend payment which was planned to propose to this Annual General Meeting of Shareholders of the Company for their consideration. Therefore, the Board of Directors will not approve the payment for annual dividend of 2019 again.

The dividends paid by the Company to the shareholders were as follows:

	Approval date	Payment schedule	Dividend rate per share <i>(Baht)</i>	Amount (in thousand Baht)
2020 Interim dividend 2019 Total	19 Mar 2020	17 Apr 2020	0.012 0.012	71,552 71,552

11 Financial instruments

Carrying amounts and fair values

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy for financial instruments measured at fair value. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

Financial instruments measured at fair value

These fair value measurements are categorized into different levels in the fair value hierarchy based on the inputs to valuation techniques used. The levels applicable to the Group's investments are defined as follows:

- Level 1: quoted prices (unadjusted) in active markets (Stock Exchange) for identical assets or liabilities that the Group can access at the measurement date.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: inputs are unobservable inputs for the asset or liability.

The Group determined Level 2 fair values for forward exchange contracts were calculated using the rates initially quoted by the Group's bankers which were based on market conditions existing at the end of the reporting period to reflect current fair values of the contracts.

The Group determined Level 3 fair values for long-term investment in other company which is not actively traded in market. The fair value of the investment was then determined using a valuation technique that used significantly unobservable input such as the latest reporting net assets adjusted by relevant factors because the shares were not listed on Stock Exchange, and there were no recent observable arm's length transactions in the shares

12 Commitments and contingent liabilities

As at 30 June 2020

- (a) The Company had letters of guarantee issued by banks to government, state enterprises, private sectors and others totaling approximately Baht 17 million (31 December 2019: Baht 26 million).
- (b) The Group had commitments for construction building and machinery totaling approximately Baht 31 million (31 December 2019: Baht 24 million).
- (c) The Group had entered into various building and car lease agreements. The periods of these agreements are 3 years expiring in various dates up to May 2023. Under the terms of these agreements, the Group has to pay annual rental as follows:
